

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: Wed., May 21, 2008

Division: BOCC

Bulk Item: Yes No

Department: Comm. Di Gennaro, District 4

Staff Contact Person: Tamara Lundstrom
(305 289-6000)

AGENDA ITEM WORDING: Approval to provide central sanitary wastewater service to the property owners of No Name Key through inclusion of the area in the Lower Keys Regional Service Area wastewater treatment and collection system.

ITEM BACKGROUND: Pursuant to Board direction from April 16, 2008, staff has investigated and considered the request from No Name Key (NNK) residents for central wastewater sewer services. Early cost estimates from our partner, Florida Keys Aqueduct Authority (FKAA) indicate the total cost of providing standard central sewer service to NNK could be approx. \$2.5 million. Additionally, hybrid central sewer system proposals have been brought forward to be evaluated for overall feasibility on NNK and other outlying areas of the Keys that could possibly reduce installation costs by as much as a third. The direction of the BOCC should be to direct staff to include No Name Key within the central sanitary wastewater system plan for the Lower Keys Regional Service Area, which currently encompasses Lower Sugarloaf Key through Big Pine Key.

PREVIOUS RELEVANT BOCC ACTION:

June 2000 – BOCC approved the Monroe County Wastewater Management Plan

April 16, 2008 – BOCC approved expansion of the Summerland/Cudjoe/Sugarloaf Regional Wastewater System to cover design for Big Pine Key through Ramrod Key and Lower Sugarloaf Key.
