Commissioner Sonny McCoy  
Board of County Commissioners  
Monroe County, Florida

Dear Sonny:

It has been my pleasure to serve as your representative on the Monroe County Port Advisory Board for the past eight years. My term has expired, and on behalf of Reef Relief, we would request that you select our new Program Manager, Millard (Mike) McCleary to fill that position.

Mike comes to Reef Relief with a strong background in water quality issues, having worked with Clean Water Action in both Tampa, Florida, and before that in Baltimore, Maryland. He is a fisherman and a consensus builders with a proven track record. We think he will do a good job of managing Reef Relief's Florida Keys programs.

Reef Relief hopes to continue to be a part of marine planning for the county, so this appointment will help make that possible. Thank you for your cooperation.

Very truly yours,

DeeVon Quirolo  
Executive Director
