**YEARS OF SERVICE AWARD**  
**to**  
**JOSEPH MEDALLION**

Joseph Medallion, Director, Upper Keys Operations, Public Works Division, has been employed by Monroe County since May of 1992. Joe first began his employment with the County as a temporary Maintenance Worker in the Parks & Beaches section, and less than a month later, he was hired on permanently.

Throughout the past fifteen years, Joe has been promoted to various positions within the County; from Engineering Inspector I and II, to Roads Superintendent, to Director of Roads and Bridges, to his current position as the Director of Upper Keys Operations.

Joe is a very reliable, hard working employee who handles a myriad of responsibilities in managing the Upper Keys Public Works section. He is a very dependable and valuable employee, and his knowledge, skills and abilities play an integral part in the successful outcome of all the duties and projects he handles and coordinates. This is further evidenced by the fact that his personnel file is overflowing with commendations and thank you letters.

During his off duty hours, Joe runs three days a week; plays softball whenever he can; crews in sailboat races; and rebuilds any truck he can get his hands on. He is a rabid Marlins fan and would have pursued a career in professional baseball but couldn't hit a curveball (a fact that should be remembered at the next pick-up game). Joe has actively held a Florida General Contractor's license for 35 years and is always available to assist friends, coworkers and family in various building projects.

Mr. Medallion is an asset to Public Works and Monroe County, and we are extremely proud to recognize him for his 15+ years of reliable and devoted service to the County.
