JOHN W. KING

October 17, 2007

The Florida Keys Council for People with Disabilities is pleased to present its award for outstanding service to disabled persons in Monroe County to **John W. King**.

This award recognizes his fifteen years of contributions in his role as the County's Senior Director of Lower Keys Operations, in the Public Facilities Maintenance Department.

During this period, he has been at the forefront of dozens of projects to upgrade access for disabled people in the use of County beaches, parks, sidewalks and buildings. In cooperation with the Supervisor of Elections Office he has led the effort to make our polling places accessible.

John has, for the last dozen years, been an active, contributing participant in this Council.

The son of a double amputee, he has listened patiently to the needs of our disabled citizens and, with compassion, done all in his power to ease their lives.

On behalf of the 17,000 disabled citizens of the Florida Keys this plaque is presented to **John W. King** with sincere gratitude for his kindness and dedicated service.
