delivered, by the registered nurse or licensed physician assistant. Such protocols shall be signed by the supervising physician, the director of the county health department, and the registered nurse or licensed physician assistant.

3. Each county health department shall maintain and have available for inspection by representatives of the Department of Health all medical records and patient care protocols, including records of medications delivered to patients, in accordance with rules of the department.

4. The Department of Health shall adopt rules which establish the conditions under which a registered nurse or licensed physician assistant may assess patients and order and deliver medications, based upon written protocols of supervision by a physician licensed pursuant to chapter 458 or chapter 459, and which establish the formulary from which medications may be ordered.

5. The department shall require that a consultant pharmacist conduct a periodic inspection of each county health department in meeting the requirements of this paragraph.

6. A county health department may establish or contract with peer review committees or organizations to review the quality of communicable disease control and primary care services provided by the county health department.

(2) The personnel of the county health department shall be employed by the Department of Health. The compensation of such personnel shall be determined under the rules of the Department of Management Services. Such employees shall engage in the prevention of disease and the promotion of health under the supervision of the Department of Health.
