

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: November 14, 2007

Bulk Item: Yes No

Division: Growth Management

Department: Planning & Environmental Resources

Staff Contact Person: Rich Jones X2805

AGENDA ITEM WORDING: Approval to waive purchasing policy to allow for payment of outstanding invoices in the amount of \$37,243.00 and establish an expenditure cap of an additional \$100,000.00 to be used to pay for removal of non-hurricane related derelict vessels until such time as contractors can be qualified to respond in compliance with purchasing policies.

ITEM BACKGROUND: The derelict vessels often pose a danger to persons and to navigation, this approval will allow payment of outstanding invoices for vessels removed since July 2007 and will continue to cover vessels to be removed in the next few months as an interim solution until such time as a RFQ and contract can be completed. The funds for removal come from the Boating Improvement Fund which has the funds available. Numerous derelict vessels have been abandoned in the waters, canals, and waterways of the Florida Keys. The Boating Improvement Fund is the designated resource to pay for the removal; the fund balance is more than adequate to pay for the cost of removal. Attached are the unpaid invoices for vessels removed since July 2007, the total amount for the invoices is \$37,243.00. Marine Resources is aware of an increasing number of derelict vessels and is drafting an RFQ to accommodate them in the future by contract.

PREVIOUS RELEVANT BOCC ACTION: The BOCC has approved the removal of derelict vessels in the past by waiver of purchasing policy.

CONTRACT/AGREEMENT CHANGES: N/A
