AGENDA ITEM SUMMARY**

Meeting Date: December 19, 2007

Division: Growth Management

Bulk Item: Yes No

Department: Building

Staff Contact Person: Joseph Paskalik

AGENDA ITEM WORDING: Approval to advertise Notice of Intent to Adopt ordinance and hold public hearing to amend Section 6-20(b)(c) to allow all approved inspections to qualify for equal time (180 days) to extend an existing permit and Section 6-20(f) to increase the demolition permit expiration time from 60 to 180 days, to be consistent with the current Florida Building Code.

ITEM BACKGROUND: Removes differentiation of red and black labeled inspections in 6-20(b)(c) to allow all inspections to be used for the one hundred eighty (180) days timely progress calculation; and amends the 6-20(f) exception of expiration of demolition permit in 60 days. All permits and inspections will be handled in the same manner.

In the interests of alleviating extensive paperwork required for applicants and staff alike to renew or re-permit an expired permit; and to allow more consistency in the permitting process and given the current market conditions; the building department is recommending revisions to this code section to consider all approved inspections equally.

PREVIOUS RELEVANT BOCC ACTION: The BOCC last voted to approve the update of Chapter Six of the Monroe County Code with the inception of the Florida Building Code in 2002; however these items were not addressed in that revision.

Any work completed without an approved inspection may be subject to code compliance.

(e) *Extensions:* After work is commenced, a one-time only extension of time for a period of not more than one hundred eighty (180) days, may be allowed by the building official for the permit, provided the extension is requested in writing and justifiable cause is demonstrated prior to the expiration date.
